LETTER TO THE GOVERNOR

The Honorable Janet Napolitano
Governor of Arizona
C/O State Capitol
1700 W Washington
Phoenix, AZ 85007

Dear Governor Napolitano,

I am pleased to provide you with an annual report for fiscal year 2005-2006. The Board has experienced a busy year and has accomplished its mission, to protect the public health and safety, as well as license pharmacy practitioners and permit facilities. This was done with a minimal increase in budget and an increase of only one FTE.

This year the Board initiated an online renewal system for licensees and with help from GITA and IBM, about 30% of license renewals were accomplished online using credit card payments. GITA and IBM[1] provided innovative expertise and funds to help us initiate the program. Our experiences will help other health care boards develop and implement similar programs easier and faster. We intend to continue the partnership and develop as much of a "paperless office" as possible by putting all applications and verifications, including references to disciplines online as well.

The Board also broke new ground this year by implementing and utilizing laptops for Board meeting materials which saves preparation time and allows members to "navigate" through the volumes of material quickly and accurately. Conservation of scarce, finite resources is also accomplished.

The annual report contains the summaries and statistics which help to illustrate the Board's activities for you and your staff and I have provided a table that briefly summarizes some important statistical information about the Board's 2005-2006 fiscal year activities, during which time the Board held ten (10) Board meetings which is about a 40% increase over past years.
