The Honorable Janet Napolitano
Governor of Arizona
State Capitol
1700 W. Washington
Phoenix, AZ 85007

Dear Governor,

I am pleased to provide you with an annual report for fiscal year 2004-2005. The Board has experienced a busy year and has accomplished its mission, to protect the public health and safety, as well as license individuals and permit facilities. This was done with a very minimal increase in budget and no increase in staff.

This year the Board initiated, the legislature passed and you signed a comprehensive omnibus bill which re-organized and streamlined the disciplinary process the Board uses to accomplish its mission. This overhaul was the first time any significant revisions had been made to the disciplinary process in more than fifteen years. Fortunately, we were able to review and copy useful statutes and processes used by other health care regulatory Boards. We also relied heavily on advice from our half-time representative from the Attorney General's office, Roberto Pulver. His ideas and assistance were instrumental in making the changes useful for the next decade and assured us that the statutes had a sound legal basis

The Board also broke new ground this year by approving qualified pharmacists to immunize adults pursuant to a medical practitioner's prescription, which should help increase the percentage of immunized individuals, especially before flu season.

Two task forces comprised of practitioners from varied practice settings were appointed by the Board to update the patient counseling rules and to increase compliance with the practical elements of the 2004 United States Pharmacopoeia 797 guidelines on sterile pharmacy compounding. The Patient Counseling Task Force accomplished its task by streamlining the existing regulations and removing physical and process oriented barriers to effective patient counseling. The sterile compounding task force is still in session and likely to make final recommendations in the next calendar year.

I have provided a table that briefly summarizes some important statistical information about the Board's 2004-2005 fiscal year activities, during which time the Board held six Board meetings.

Special Requests*	Hearings & Consent Agreements	Consumer Complaint Conferences	Consumer Complaints Investigated
57	31	31	129

* Special Requests are personal appearances before the Board by members of the regulated profession. Issues that may be discussed include requests for waivers from existing administrative tides because of experimental or technological innovations, requests for reciprocity for licensees disciplined in other jurisdictions and requests to retake or eliminate various licensing exams.

Sincerely,

Hal Wand
Executive Director

LICENSING/REGISTRATION STATISTICS AT JUNE 30, 2005

Pharmacists

Residing In Arizona:	
Community (retail)	
Chain stores	2467
Independent	249
	2716
